

Base plan

Technical drawing of a building facade showing dimensions. The overall width is 5000. The overall height is 2539. The height of the main facade section is 1940. The height of the upper section is 100. The height of the lower section is 1030. The height of the side section is 2424. The drawing includes a central double door and two windows on each side.

Technical drawing of a roof structure. The drawing shows a cross-section of a roof with a gabled profile. The total width is 4000. The total height is 2539. The roof slope is indicated by a triangle with a vertical side of 300 and a horizontal side of 2162. The roof structure is composed of several horizontal members, with a total height of 2424 for the main section. The roof profile is defined by a series of points with the following horizontal distances from the left edge: 785, 785, 3490, 785, 785, 593, and 1330. The roof structure is supported by a series of vertical members, with a total height of 2424 for the main section. The roof structure is shown in a perspective view, with the roof slope indicated by a triangle with a vertical side of 300 and a horizontal side of 2162. The roof structure is composed of several horizontal members, with a total height of 2424 for the main section. The roof profile is defined by a series of points with the following horizontal distances from the left edge: 785, 785, 3490, 785, 785, 593, and 1330. The roof structure is supported by a series of vertical members, with a total height of 2424 for the main section.

Technical drawing of a rectangular panel with dimensions 5000 (width) and 2539 (height). The panel features a grid of horizontal lines and vertical lines, with a central area shaded in light gray. The top and bottom edges are labeled with dimensions 100 and 2162 respectively.

Technical drawing of a roof structure. The drawing shows a cross-section of a roof with a gabled top. The total width of the roof is 4000. The total height of the roof structure is 2539. The height of the main roof section is 2424. The height of the gable end is 2162. The gable end is 300 wide. The roof slope is 6°. The roof structure is supported by a series of vertical posts. The dimensions of the roof structure are as follows:

- Total width: 4000
- Total height: 2539
- Main roof height: 2424
- Gable end height: 2162
- Gable end width: 300
- Roof slope: 6°
- Roof structure components: 1330, 593, 785, 785, 3490, 785, 785
