

Technical drawing of a rectangular plot. The drawing shows a rectangle with a dashed vertical line in the center. The overall width is 4000, and the overall height is 5000. The width is divided into segments of 244, 750, 206, 1600, 206, 750, and 244. The height is divided into segments of 2125, 750, and 2125. The area of the rectangle is labeled as 17.49m². The drawing is labeled with '1' and '2' at the top corners and 'A' and 'B' at the bottom corners. The drawing is labeled with '4000' and '5000' for the overall dimensions, and '3800' and '4712' for the inner dimensions. The drawing is labeled with '1200' and '1600' for the width segments, and '2125' and '750' for the height segments.

Detailed description: This is a technical architectural drawing of a house facade, labeled 'Axis A'. The drawing shows a symmetrical facade with a gabled roof. The roof's total width is 2260 units, divided into three equal sections of 637 units each by two vertical lines. The overall height of the facade is 2736 units. The roofline is 300 units high from the top eaves. The main wall height is 1940 units. The facade features three window units: a single window on the left, a central double door with two windows above it, and a single window on the right. Each window unit is 1030 units wide. The total width of the facade is 4000 units. The drawing includes various dimension lines and numerical values indicating the precise measurements of the structure.

Technical drawing of a building facade showing dimensions and components. The drawing includes a roof section with a brick pattern, a central window, and a series of horizontal lines representing the facade. Dimensions are provided in millimeters (mm).

- Overall width: 5400 mm
- Overall height: 2736 mm
- Roof height: 100 mm
- Facade height: 1030 mm
- Window height: 500 mm
- Window width: 500 mm
- Bottom width: 5000 mm
- Right side height: 2227 mm

Technical drawing of a rectangular structure, likely a wall or panel, showing dimensions and a grid pattern. The drawing is oriented horizontally.

- Top Dimension:** A horizontal dimension line at the top indicates a width of 5400.
- Left Dimension:** A vertical dimension line on the left indicates a height of 2227.
- Right Dimension:** A vertical dimension line on the right indicates a height of 2736.
- Bottom Dimension:** A horizontal dimension line at the bottom indicates a width of 5000.
- Grid Pattern:** The main body of the structure is filled with a grid of small squares, representing a mesh or paneling.
- Inset Detail:** A small inset detail on the left side shows a cross-section of the structure, revealing a layered construction. It includes a 500 unit wide section on the left and a 100 unit wide section on the right.
